The following letters from the Excise Comm. in Mysore submitting statements showing the consumption of Arrack in the Separate shops of the State during the three months of April, May & June 1899.

(1) ~~7519~~ 7510/388 & 23rd May 1899.

Order thereon:- No 2003 & 14/9/99.

~~Ex. 712/96-9 14/9/99~~

The appended abstract shows that the consumption of arrack decreased ~~generally on all the localities~~ in all the localities except in Bangalore & Mysore the fall is reported to have been due to the exodus of the drinking population on account of plague. In the Kolar Gold Fields however, there was an increase to the extent of 4,312 gallons owing to the return of labourers as plague began to subside and this more than counterbalanced

counterbalanced the fall in all
other localities and brought about
on the whole an increase of 3068 Gls 47 Drs
